Quality, Safety & Environmental Policy

Our Policy is to:

- Provide a consistent service to our customers which meets or exceeds their expectations.

- Provide a healthy and safe workplace for all employees, contractors and visitors.

- Maintain a balanced approach to meet the needs of the business, while allowing us to fulfil our environmental responsibilities.

To achieve this we will:

- Promote quality, safety and environmental awareness throughout the company.

- Identify, assess and manage health and safety hazards.

- Encourage and support our employees to make positive lifestyle choices.

- Minimise our environmental Footprint by identification of relevant impact, setting or appropriate targets, and implementation of controls to prevent pollution and improve sustainability.

- Implement and maintain quality, safety and environmental management systems that meet the requirements of ISO 9001 and ISO 14001.

- Establish measurable objectives that are monitored and reviewed regularly.

- Continuously improve our practices and performance through regular and effective reviews.

- Comply with all relevant Commonwealth, State and Territory legislation, regulations, acts, standards, codes of practice, and other relevant compliance obligations.
